St Cecilia's Day – celebrating music and the arts

SANTA CECÍLIA BY FRANCISCO DA SILVA ROMÃO

WELCOME TO ST ANDREW'S ON THE TERRACE

Wherever you are on your faith's journey,
wherever you have come from and wherever you are going to,
whatever you believe, whatever you do not believe, you are welcome here.

Please join in the congregational responses printed in ***bold italics***. Please stand if you are able, for the hymns and the offering prayer. AA is the NZ hymnbook *Alleluia Aotearoa*. We will sing the hymns without announcement.

*Please note your nearest fire exit.
The church and hall have been earthquake strengthened.
In an earthquake: drop, cover and hold.*

GATHERING

Sue

Come into this place and let the music move you
In whatever key or instrument speaks to you.
Open your ears to hear the discord of this world
And seek whatever harmony you can bring.
Come and listen, come and sing with your voice,
Your heart and your soul. Come and be moved.

PROCESSIONAL HYMN

AA41 *For the music of creation*
Tune: Rustington WOV392

OPENING RESPONSES

Fiona

There is truth and beauty all around us,
If we but look and see, listen and hear.
The world is an expression of God's essence
We inhabit it and name it as good.
Gifts of creativity and generativity live within us,
With joy and gratitude we claim and share them.

WELCOME

Ross

Kia ora tatou.
Kia ora.

PRAYER

Fiona

Your blessing God, on the gifts of creativity
emerging, stumbling, stretching, growing,
risking all that we have and are
for the joy of possible connection.

And Your blessing God, on the places and people who know our need for creativity, and nurture our tentative efforts into full-bodied, undulating, elongating, syncopating, blooming, blessed beauty.

And your blessing God on artistic creations that challenge us and lift us beyond our individual struggles and everyday limits to glimpse possibilities of living together in harmony.

For the power of these processes
We give you great praise.

HYMN

Talents to share

Words: Helen Wiltshire. Tune: Au Clair de la Lune WOV 178

1. Artist paints a picture, drawing us to see
harmony and tension, perfect symmetry.

Dancer steps to music, hands like birds that soar,
beauty in the movement, held by earth no more.

2. Author tells a story, shaping words with skill
hinting at life's anguish, eager minds to fill.

Sculptor chisels marble, images set free,
carving out a vision, love's reality.

3. Singer wakes the music, voiced with silver sigh,
taking us to wonder, space for joys to fly.

Mystic offers wisdom, faith we seek to hold,
treasure mined from stillness, greater gift than gold.

4. Poet speaks in riddles, sharing words and themes,
phrase and verse revealing human hopes and dreams.
Harpist plucks our hearts strings, music on the air,
notes of sunlight streaming, calling all to prayer.

5. Lute and cello solo, skills of hands and voice,
thankful for these blessings, gladly we rejoice.
Sacred are these talents, wondrous gifts of art:
wisdom shared and honoured, stirring soul and heart.

PRAYERS OF THE PEOPLE

Sue McRae

CIRCLE OF PRAYER

We think today of the people of Nicaragua and we pray for the Christian World Service Partner organisation, CEPAD (Council of Evangelical Churches) working with Nicaraguan communities that feel forgotten by the government, helping them to identify their priorities then get the skills and support to make the changes they need for a better life. In New Zealand, we remember those in parliament, and today we name Alfred Ngaro and Russel Norman, List MPs. Here in Wellington, we pray for the leaders and people of Miramar Uniting Parish.

Richard Heinberg spoke about The End of Growth in Auckland in September 2012.

Post Carbon Senior Fellow Richard Heinberg took his challenging and compelling messages on resilience, sustainability and a healthy future to Auckland on September 30, 2012. He asked and answered some of the most challenging questions we face today.

The DVD is to be screened in the church after morning tea TODAY.

CONFERENCE ROOM 1 ON FRIDAY

23RD NOVEMBER for the showing. The film is 56 minutes long.

Title: Journey of the Universe (An epic story of cosmic, Earth and human transformation)

Synopsis: One day on a Greek island, and your view of the universe will change forever...

Ask acclaimed author and evolutionary philosopher Brian Thomas Swimme about our role as humans in this awe-inspiring universe, and his insights will light up the night skies.

As our host, co-writer, and fellow traveller, he shares his infectious curiosity about life's biggest questions in the epic JOURNEY OF THE UNIVERSE.

Using his skills as a masterful storyteller, Swimme connects such big picture issues as the birth of the cosmos 14 billion years ago – to the invisible frontiers of the human genome – as well as to our current impact on Earth's evolutionary dynamics.

Through his engaging and thoughtful observations audiences everywhere will discover the profound role we play in this intricate web of life.

From the Big Bang to the epic impact humans have on the planet today, this film is designed to inspire a new and closer relationship with Earth in a period of growing environmental and social crisis.

EXPLORING FAITH

The next meeting will be on Sunday 25th at 11.30 am in the upstairs conference room. Frank Cook will be leading a discussion based on Nikki Harre's ideas in "*Psychology for a better world*".

"*Psychology for a Better World*" is for people who believe it is worth trying to make a world in which both our species and the ecological systems we are part of can flourish. The book is based on the latest research in psychology and is jam-packed with action strategies. It offers new ways to think about how people interact in social settings, why we are tempted to stick with what we know, and how the same characteristics that currently keep us hooked into unsustainable practices can be used to move us forward."
