WELCOME TO ST ANDREW'S ON THE TERRACE

Wherever you are on your faith's journey,
wherever you have come from and wherever you are going to,
whatever you believe, whatever you do not believe, you are welcome here.

Please join in the congregational responses printed in ***bold italics***.

Please stand if you are able, for the hymns and the offering prayer.

We will sing the hymns without announcement.

To use the loop system in the church, turn your hearing aids on to the appropriate setting.

Please note your nearest fire exit.

The church and hall have been earthquake strengthened. In an earthquake: drop, cover and hold.

GATHERING

We look with uncertainty
beyond the old choices for
clear cut answers,
to a softer, more permeable aliveness
which is every moment
at the brink of death,
***for something new is being born in us
if we but let it.***

We stand at a new doorway,
awaiting that which comes....
***daring to be human creatures,
vulnerable to the beauty of existence,
learning to love.***

PROCESSIONAL HYMN

AA45 'Give thanks for life'

Words: © 1987 Shirley Erena Murray. Tune: Sine Nomine WOV 384

Give thanks for life, the measure of our days,
mortal, we pass through beauty that decays,
yet sing to God our hope, our love, our praise:
Alleluia, Alleluia!

Give thanks for those whose lives shone with a light
caught from the Christ-flame, gleaming through the night,
who touched the truth, who burned for what is right:
Alleluia, Alleluia!

Give thanks for all, our living and our dead,
thanks for the love by which our life is fed,
a love not changed by time or death or dread:
Alleluia, Alleluia!

Give thanks for hope, that, like the seed of grain
lying in darkness, does its life retain
to rise in glory, growing green again:
Alleluia, Alleluia!

WELCOME

Kia ora tatou.

Kia ora.

PRAYER

LORD'S PRAYER

*O Cosmic Birther of all radiance and vibration!
soften the ground of our being
and carve out a space within us where your presence can abide.
Fill us with your creativity so that we may be
empowered to bear
the fruit of your mission.
Let each of our actions bear fruit in accordance
with our desire.
Endow us with the wisdom to produce and share
what each being needs
to grow and flourish.
Untie the tangled threads of destiny that bind us,
as we release others from the entanglement of past mistakes.
Do not let us be seduced by that which would
divert us from our true purpose,
but illuminate the opportunities of the present moment.
For You are the ground and fruitful vision, the
birth, power and fulfilment,
as all is gathered and made whole once again.*

PASSING THE PEACE

Feel free to pass the peace with those nearby or move to greet others further away. Passing the peace consists of shaking hands and saying "Peace be with you." The response is "Peace be with you" or just "And with you." Or, simply saying "Hello" is a good idea. Also feel free to simply observe if you wish!

HYMN

AA113 'Our life has its seasons'

Words: ©1992 Shirley Murray. Music: ©Colin Gibson. Hope Publishing Company

Our life has its seasons, and God has the reasons
why spring follows winter, and new leaves grow,
for there's a connection with our resurrection
that flowers will bud after frost and snow,
*so there's never a time to stop believing,
there's never a time for hope to die,
there's never a time to stop loving,
these three things go on.*

There's a time to be planting,
a time to be plucking,
a time to be laughing,
a time to weep,
a time to be building,
a time to be breaking,
a time to be waking,
a time to sleep,
but there's never a time ...

There's a time to be hurting,
a time to be healing,
a time to be saving,
a time to spend,
a time to be grieving,
a time to be dancing,
a time for beginning,
a time to end,
but there's never a time ...

LIFE IN THE COMMUNITY OF ST ANDREW'S

*People share notices and visitors are welcomed. If you have a notice not already in the order of service, please move to the front row, ready to speak **briefly** from the lectern.
For the benefit of newcomers, please introduce yourself before you begin.*

OFFERING PRAYER *(said together)*

***We bring these gifts in gratitude for all that we have inherited from our forebears in faith. We pray for the network of "awakened souls" who strive for justice and peace together in this stormy world. May our gifts and our lives be part of that work.
Amen.***

We recognise and bless the gifts brought to the table, and those which wing their way electronically from our banks to the church's account.

PRAYERS OF THE PEOPLE

Wendy Matthews

CIRCLE OF PRAYER

We think today of the people of Solomon Islands and the Christian World Service funded women's programme of the Lauru Land Conference of Tribal Communities, which seeks to improve women's role in decision-making and sustainable living. In New Zealand, we remember those in Parliament, and today we name John Key and Barbara Kuriger and the members of their electorates of Helensville and Taranaki-King Country. Here in Wellington, we pray for the leaders and people of Miramar Uniting Parish.

HYMN

CH4 737 'Will your anchor hold?'

Words and Music: ©William J Kirkpatrick and Priscilla J Owens.

Will your anchor hold in the storms of life,
when the clouds unfold their wings of strife?
When the strong tides lift, and the cables strain,

will your anchor drift, or firm remain?

*We have an anchor that keeps the soul
steadfast and sure while the billows roll,
fastened to the Rock which cannot move,
grounded firm and deep in the Saviour's love.*

It is safely moored, 'twill the storm withstand,
for 'tis well secured by the Saviour's hand;
and the cables, passed from His heart to mine,
can defy that blast, thro' strength divine.

We have an anchor...

It will firmly hold in the straits of fear,
when the breakers have told that the reef is near;
though the tempest rave and the wild winds blow,
not an angry wave shall our bark o'erflow.

We have an anchor...

BLESSING AND SUNG AMEN

Shine as lights, caught from the Christ-flame.
Gleam through the night,
touching the truth and burning for what is right.
God to hold you,
Christ to inspire you,
Spirit to lead you home.

THANK YOU

Science, Spirituality and the importance of NOT knowing.

Tuesday August 16, 12:15 - 1pm

Elizabeth Connor

Precis: Science and spirituality are usually pegged on opposite sides of a great divide. There are the debates of creationism versus evolution; traditional healing versus mainstream medicine; the 'evils' of genetic modification versus the 'sacredness' of nature. Elizabeth thinks these polarised debates cause more damage than good. In this talk she will present her vision, in which scientists, artists and mystics join forces as rebel explorers to tackle the biggest baddest issues facing humanity.

"The unknown is the most important part of science and spirituality," she says. "Let's face it. There is so much more that we don't know than what we do. Unless we find a way to feel comfortable in the unknown and work with it, we have no chance of tackling major issues like climate change, social collapse, war, hunger, overpopulation. Both science and spirituality give us tools to face the unknown and discover meaning in it."

In her talk Elizabeth will tackle such questions as:

- what is the essence of science?
- is science living up to its role in society?
- Is religion still important in this increasingly secular and globalised world?

Bio: When Elizabeth Connor was fourteen she had a dream of starting a renaissance that would reunite science, spirituality and the arts and spread across the world reconciling conflicts. Now, almost twenty years later, her plan is roughly the same.

She now directs The KinShip, a Wellington-based consultancy, which uses storytelling and other creative tools to help scientists, council staff and other groups to collaborate across sectors and communities. She has worked with regional council staff working in freshwater management, helped postgraduate scientists connect with industry, directed Magnificent Science Variety Shows combining science with dance, theatre and music, run storytelling competitions for scientists and produced reports, podcasts, publications and performances.

Elizabeth has a Masters in Science Communication from Imperial College in London and an Honours degree in Physics and Maths from Victoria University of Wellington. Her mentor was the late great kiwi scientist, Sir Paul Callaghan, who has been a great inspiration and kicked off her career. With Paul's support she was awarded the inaugural NZ Prime Minister's Science Communication Prize.
